Bon Secours of Maryland Foundation (BSMF), through its subsidiaries, has owned and operated affordable rental housing in Baltimore City since 1988. To date, the BSMF has developed approximately 648 units of affordable housing. Unity Properties, Inc. (Unity Properties) is a subsidiary of the BSMF. Since 1997, Unity Properties has partnered with Enterprise Homes, Inc., in the development of multiple affordable housing developments in West Baltimore.

Bon Secours Gibbons Apartments Limited Partnership (the Borrower), a newly-created single purpose entity that is an affiliate of Unity Properties, Inc. has proposed to construct and operate a rental housing development which will be comprised of 80 units for families and the disabled on a two-acre site located within the former 32 acre campus of the Cardinal Gibbons High School. The Project will be the first phase of a planned, mixed-use development on the campus that is expected to contain residential, recreational, retail and office uses.

Upon construction completion, the Project is expected to contain 24 one-bedroom units, 48 two-bedroom units, and eight three-bedroom units in a four-story structure totaling approximately 88,000 gross square feet. All of the units will be restricted to residents whose incomes do not exceed 60% of the area median income (AMI), adjusted for family size. The Project will also contain a total of 110 parking spaces, of which 51 spaces will be in a below grade parking garage and the remaining 59 spaces will be in a surface parking lot. In addition, the parking garage will contain a bike parking rack for up to 32 bicycles.

The Housing Authority of Baltimore City (HABC) intends to support the Project by providing Project-Based Section 8 subsidies for 20 units. The building will offer a number of on-site amenities including a multi-purpose room, exercise room, computer/homework room, and a TV lounge. The project will be built in conformance with LEED Silver standards, creating a healthier and more energy efficient environment for the residents.

As a condition for receiving the HOME Loan, the Borrower agrees to provide not less than 15% of the one-bedroom units (i.e. twelve units) targeted and restricted to non-elderly disabled residents (NEDs) earning 30% or less of the AMI. The Borrower has further agreed to provide an additional eight units as Long term Bailey UFAS Units which will be restricted to NEDs earning 40% or less of the AMI (the UFAS Units). The UFAS Units will each contain accessible features and will be certified by an architect designated by HABC as compliant with the Uniform Federal Accessibility Standards adopted by HUD. The City and HABC will require the UFAS Units to be restricted for exclusive use for at least 40 years in accordance with meeting the requirements of the Bailey Consent Decree. The NEDs units will be restricted for at least 15 years in accordance with and meeting the requirement of the Bailey Consent Decree. The term NEDs (or Non Elderly Persons with Disabilities) means a household that meets the following criteria: (i) the sole member, head of household, or head of household's spouse has a disability and is under age 62, (ii) the household is eligible for a one-bedroom public housing unit or for a two-bedroom public housing unit because a second bedroom is needed for disability-related reasons; and (iii) the household is on the HABC waiting list for public or Section 8 subsidized housing. The Home Loan will be used solely to finance a portion of the hard construction costs of the project.

Novogradac & Company, LLP, prepared an appraisal for Capital One dated January 23, 2015. The estimated market value of the subject property as if completed and stabilized at restricted rents with consideration to the tax credit is \$16,900,000.00. The appraised value is below the total development costs of the Project which is common for transactions involving LIHTCs, subsidized rents and preferred governmental financing. The LIHTCs provide equity and are not considered as long-term debt to the property. The rents are considered restricted because they are supported with financing that requires long-term income and rent restrictions. As a result, the rent levels are set below the market rate thereby decreasing the property's appraised value. Gap financing, such as the HOME Loan and the

other governmental sources are in place in order to allow continuing affordability. The appraised value meets the underwriting standards for the must-pay permanent superior lender. The Department is comfortable with recommending the HOME Loan as described under these circumstances.

Participating Parties:

- A. Developer - The developer of record is Unity Properties, Inc., which is the sole member of Bon Secours Gibbons Apartments LLC, which in turn is the general partner of Bon Secours Gibbons Apartments Limited Partnership, a newly created single purpose entity. Enterprise Homes, Inc. will be the development consultant and a guarantor for the Project.
- B. General Contractor - Whiting-Turner Contracting Company will act as the general contractor and post a payment and performance bond. Marks, Thomas Architects will provide architectural services.

Capital One Bank, or its affiliate (Capital One), is providing two loans during construction: a permanent loan in the approximate amount of \$2,475,000.00 (the Capital One Permanent Loan) and a construction bridge loan in the approximate amount of \$12,000,000.00 (the Capital One Construction Loan). The Capital One Permanent Loan will be in first-lien position, accrued interest at a rate of approximately 6.5% and will have a permanent loan term of 15 years with principal amortizing over 30 years.

The Capital One Construction Loan will be in third-lien position, have an interest rate equal to the 30-day LIBOR Market Index Rate plus approximately 275 basis points, and have a term of 24 months plus extensions. Department of Public Works (DPW) - Amendment No. 4 to Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of Amendment No. 4 to Agreement with Synagro-WWT, Inc. Amendment No. 4 extends the period of the agreement effective upon Board approval through March 31, 2025.

AMOUNT OF MONEY AND SOURCE:

\$9,000,000.00 - 2070-000000-5501-630064-603053
(Yearly tipping fees)

BACKGROUND/EXPLANATION:

This Amendment No. 4 to Agreement is for Synagro services for sludge processing and disposal and other work at the Back River Wastewater Treatment Plant.

On September 18, 1991, the City and Bio-Gro/Clay Joint Venture entered into a services agreement concerning Privatization of Heat Drying for Sludge Processing and Disposal and Other Work at Back River Wastewater Treatment Plant, for the construction, ownership, and operation of a dewatering, heat drying facility to receive and process part of the sewage sludge generated by operation at the Back River Wastewater Treatment Plant (the original agreement).

By virtue of an Assignment and Assumption Agreement, dated August 14 2000, and approved by the Board on November 15, 2000, Synagro-WWT, Inc. (Synagro) assumed all of the rights, title, interests, and obligations under the original agreement.

Under the terms of Amendment No. 4 to Agreement, the parties agree to move from a guaranteed monthly tonnage to a guaranteed quarterly tonnage of specification sludge provided to the facility. This allows for operational flexibility without the risk of additional costs.

AGENDA

BOARD OF ESTIMATES

The parties further agree to extend the terms of the agreement through March 31, 2025 at a cost of approximately \$9,000,000.00 per year. Should the City wish to terminate the agreement prior to March 31, 2023, a termination fee will apply. A schedule of termination fees is provided within the amendment.

Synagro also agrees to make specified capital improvements to the facility. The City will not make financial contributions to these capital improvements apart from paying any termination fees should they apply.

This Amendment No. 4 to Agreement is proceeding without competitive bid under Article VI, §11 (e)(i) of the Baltimore City Charter, which allows an exception to formal advertisement when, "no advantage will result in seeking, or it is not practical to obtain, competitive bids."

The DPW certified that no advantage will result in seeking bids nor is it practical to obtain competitive bids.

The Facility was designed and built by Synagro's predecessors. The Facility is owned by Synagro, situated on City property and is subject to a long-term lease with the City that does not expire until 2030. Synagro has maintained and operated the facility continuously to date. In the event that the original agreement is not amended, Synagro will continue to own the Facility and the City will lose the ability to process sludge through the Facility.

The City has no viable alternative means of processing and disposing of sludge generated by operations at the Back River Plant. Based on these facts, the DPW, in accordance with Article VI, §11(e)(i) of the Charter, request that Amendment No. 4 to Agreement be approved without the need for competitive bidding.

(Monumental), under ER 4097, Biddison Run Environmental Restoration Project No. 3 at Moravia Road. The period of the Emergency Procurement Agreement is December 1, 2014 through March 15, 2015.

AMOUNT OF MONEY AND SOURCE:

\$685,499.78 - 9958-904995-9525-900020-706063

BACKGROUND/EXPLANATION:

In the fall of 2014, the Biddison Run stream bank, which runs along Moravia Road, failed due to erosion resulting from repeated heavy rain events. The erosion resulted in the curb lane of Moravia Road being undermined necessitating closure of the curb lane to vehicular traffic. Moravia Road is a busy, divided four-lane road that is subject to frequent commercial and residential traffic. It provides access to both interstates 1-95 and 1-895. The slope failure extended underneath the concrete roadway, creating an imminent public safety issue.

At the observed rate of slope failure, it was recommended that urgent restoration and stabilization be performed as soon as possible and in advance of the wet weather season. Lane restrictions and lane closures put in place significantly impacted the traffic patterns along the right lane of north bound Moravia Road (a part of the I-895 exit ramp).

The DPW and the Department of Transportation's (DOT) assessment of the slope failure revealed that steps needed to be taken to stabilize the slope on an emergency basis to avoid catastrophic failure to the roadway, guardrail, storm drain inlet and pipe, and roadway lighting utilities which might occur at any time if the slope was not stabilized.

Department of Finance - Amendment to the City of Baltimore
457(b) Deferred Compensation Plan

ACTION REQUESTED OF B/E:

The Board is requested to approve an Amendment to the City of Baltimore 457(b) Deferred Compensation Plan.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The amendment will allow benefits-eligible employees of the Baltimore City Public School System (BCPSS) to participate in the City of Baltimore 457 (b) Deferred Compensation Plan.

Legislation enacted on May 5, 2014 established the Retirement Savings Plan of the City of Baltimore (RSP). The legislation established two types of RSP memberships a Hybrid and a Non-Hybrid. The RSP Non-Hybrid provides for an additional employer match contribution for participants that also make voluntary deferrals to the City of Baltimore 457(b) Deferred Compensation Plan. Since certain BCPSS classifications and titles are covered by the RSP, participation in the City's 457(b) was opened up to them as a requirement of the RSP legislation. After reviewing the City's 457(b), BCPSS asked for the City to allow all benefits-eligible BCPSS employees and not just those covered by the RSP legislation to participate in the City's 457(b).

Allowing all benefits-eligible BCPSS employees to make voluntary deferrals to the City's 457(b) will increase the number participants and assets in the Plan, which may have positive affects for current and future Plan participants. This amendment to the City's 457(b) Plan Document will allow for all benefits-eligible BCPSS employees to participate in the City of Baltimore 457(b) Deferred Compensation Plan.

Department of Finance - Payment In Lieu of Taxes Agreement
Basilica Place Apartments

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Payment In Lieu of Taxes Agreement (PILOT) with Basilica Place Limited Partnership, Developer.

AMOUNT OF MONEY AND SOURCE:

4% LIHTC	\$5,102,381.00
CDA/Tax Exempt Bonds	\$7,424,200.00
Seller Note	\$8,508,094.00
Deferred Fee	\$1,611,446.00

No City funds are requested at this time.

BACKGROUND/EXPLANATION:

The PILOT is to support the redevelopment of Basilica Place Apartments located at 124 W. Franklin Street, (known as Basilica Place Apartments) in the Mt. Vernon neighborhood of Baltimore City and is a HUD 202 Senior Housing project that currently contains 200 low-income units reserved for seniors.

The Developer is an entity controlled by Catholic Charities and is the owner of the Project. The estimated annual amount of this Agreement is approximately \$77,000.00 per year, increasing over time. The agreement is to run for as long as the property remains housing for low-income households.

The project will consist of the substantial rehabilitation of the units, building systems, infrastructure, amenities, and safety features of the building. All 200 units in the project will be subsidized through a Housing Assistance Payments contract (HAP) which will ensure that the units are affordable to seniors making less than 80% of the Area Median Income (AMI), though most tenants are making less than 30% of AMI. The project was originally constructed in the 1980s and has a PILOT from that time. Because of the new LIHTC financing needed for the project a new PILOT Agreement will be necessary. The proposed new PILOT was negotiated with the developer and approved in form by the PILOT Committee as follows:

Department of Finance - cont'd

- 1) Actual payments on an annual basis will be the lesser of the following:
 - a. Actual assessed taxes for the entire property
 - b. 10% of "shelter rent" (the tenant-paid portion of the rent) for those units governed by the HAP contract

Given the need and age of the current facility and the needs of the City for affordable senior housing the PILOT Committee believes that the PILOT proposed is necessary to support both the capital and operating needs of the project.

Per State MBE/WBE Program

(The PILOT Agreement has been approved by the Law Department as to form and legal sufficiency.)

Parking Authority of - Parking Facility Rate Adjustment
Baltimore City (PABC)

ACTION REQUESTED OF B/E:

The Board is requested to approve an adjustment to the monthly rate at the City-owned Baltimore Street Garage that is managed by the PABC. The Parking Facility Rate Adjustment is effective upon Board approval.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The PABC is charged with managing the City of Baltimore's parking assets. Proper stewardship of those assets requires that the PABC realize the best possible return on the City's parking investments.

Pursuant to Article 31, §13(f)(2) of the Baltimore City Code, subject to the approval of the Board of Estimates, the PABC may set the rates for any parking project. The PABC believes that rate adjustments at this parking facility are warranted at this time.

The PABC performed a survey of parking rates in the areas surrounding the Baltimore Street Garage. The rate survey confirmed that the fees charged to parkers at this facility are generally lower than fees charged at other parking facilities within the area, with the exception of the monthly rate. The monthly rate at this garage is higher than some monthly rates at other facilities in the area, however, the weekday occupancy at the Baltimore Street garage is 96% and there is a current waiting list. To ease some of the garage congestion, the PABC staff developed the rate adjustment recommendation. This rate adjustment was unanimously approved by the PABC Board of Directors.
