ACTION REQUESTED OF B/E:

The Board is requested to approve an expenditure of funds to pay DSM Properties, LLC, under Solid Waste Contract (SWC) No. 13310R, Cell 6 Leachate Conveyance System Improvements at Quarantine Landfill.

AMOUNT OF MONEY AND SOURCE:

\$46,675.22 - 9948-920100-9517-900200-702064

BACKGROUND/EXPLANATION:

This EWO is outside of the original scope of work and was requested by the agency.

On July 16, 2014, the Board approved SWC No. 13310R to DSM Properties, LLC for the amount of \$1,479,162.00. The Notice to Proceed (official start of work) was September 22, 2014 and the construction completion date was January 15, 2015.

The Office of Engineering and Construction is requesting that additional funds be added to this contract to pay for additional work that has already been performed by the Contractor. Due to the unforeseen conditions during the initial construction, the Contractor was requested to perform additional work which included: excavation and replacement of unsuitable material from the landfill in order to create a stable soil compaction area for the placement of the new "Mega Ditch and Smart Ditch" drainage system; removal of additional muck from the two storm water basins and removal of additional existing concrete segments at three different locations which were impeding the construction of the new non-potable water line; removal of additional muck from the two storm water basins, Basin A and Basin B which was created by additional run-off of rain and greater than average seasonal

rainfall; and purchasing of data gathering equipment, which was used to provide backup information on data showing the new 6" HDPE fusion process's integrity at the fused joints. The cost has been reviewed and found to be reasonable.

The purpose of this contract was to install 3,500 LF of dual 6' HDPE leachate force main and 4,200 LF of 6" HDPE water line, electrical improvements to an existing control panel, installation of one chemical storage building, 8,300 SQ of 12" thick asphalt millings roadway, 120 SQ of full depth paving and sediment removal from two on site storm water management basins.

This request is late because of an inadvertent oversight while performing project closeout.

MBE/WBE PARTICIPATION:

The MBE goals of 14.1% and the WBE goals of 3.0% were assigned to the original agreement. The Vendor fulfilled 3.7% the MBE goals and 3.07% of the WBE goals. The MBE goal was not met because the subcontractor put DSM Properties, LLC on notice that they could not finish the job and the Prime could not find a replacement without jeopardizing the schedule for project completion. Therefore, the Prime had to finish the work.

Department of Finance - Host City Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve the Host City Agreement between the Federation Internationale De Football Association ("FIFA") and the United States Soccer Federation, Inc. ("Member Association") and the Mayor and City Council of Baltimore ("City"). If Baltimore is selected in 2020 as a Host City, this Agreement takes effect and its provisions will bind the City.

AMOUNT OF MONEY AND SOURCE:

N/A

BACKGROUND/EXPLANATION:

The 2026 FIFA World Cup is an international event where 48 national teams will compete in soccer tournaments against one another at venues selected by FIFA and the Member Association. Two official bids to host the event were submitted to FIFA: a joint bid by Canada, Mexico and the United States, and a bid by Morocco.

As part of the joint bid of Canada, Mexico and the United States, Baltimore offered to host one or more events. As part of the bidding process, FIFA requires this Host City Agreement (an adherence contract from FIFA) to now be executed by the City for hosting and staging the competition in 2026. Its execution represents an irrevocable offer to FIFA and the Member Association (which is our national FIFA member) to be appointed as a Host City under the conditions and terms set out in this Agreement and in subsequent agreements and amendments. The Agreement will be concluded and come into full legal effect for the parties when FIFA and the Member Association accept the City's offer with a countersigned version of the Host City Agreement, expected to occur in 2020.

Office of the Mayor - FY'18 First Quarterly Report for
South Baltimore Gateway Partnership

ACTION REQUESTED OF B/E:

The Board is requested to **NOTE** receipt of the first Quarterly Report of FY 2018 submitted by the South Baltimore Gateway Community Impact District Management Authority, a/k/a South Baltimore Gateway Partnership.

ACTION REQUESTED OF B/E:

N/A

BACKGROUND/EXPLANATION:

Following a feasibility study led by the Mayor's Office and the Baltimore Casino Local Development Council (LDC), the Maryland General Assembly and the Mayor and City Council passed legislation in 2016 creating the South Baltimore Gateway Community Impact District later rebranded as the South Baltimore Gateway Partnership (SBGP). Baltimore City Council Bill 16-0694 was the enabling ordinance that established the SBGP.

Under State law, the SBGP must receive 50% of Casino Local Impact Grant (LIG) funds starting in FY'18. The purpose of these funds is to provide enhanced services and community development activities to communities in the South Baltimore Gateway, consistent with South Baltimore Gateway Master Plan. City Council Bill 16-0694 also requires that the Board of Estimates review and approve the SBGP's Bylaws, Strategic Plan and Annual Financial Plan.

In negotiating for the flow of the LIG funds designated for the SBGP from the State to the City to the Authority, the Director of Finance requested and the leadership of the SBGP agreed to submit quarterly updates to the Board of Estimates. The first quarterly update was issued to stakeholders and received by the Mayor's Office on October 27, 2017.

MBE/WBE PARTICIPATION:

No contracting for goods or services is contemplated at this time. It should be noted that, under the enabling ordinance establishing the Authority, the South Baltimore Gateway SBG is subject to the City's MBE/WBE policy.
